

CODE YOUR FUTURE WITH KUBO

INSPIRE YOUR STUDENTS FOR THE CAREERS OF TOMORROW
WITH **HANDS-ONSTE[A]M**
EXPERIENCES

Easy to use & create your own
coding challenges

High ceiling for
computational thinking

Unique TagTile concept

EASY CLASSROOM MANAGEMENT

KUBO is a simple, intuitive plug-and-learn tool with low complexity and easy adoption for teachers.

The unique, hands-on & screen-free TagTile® system provides new ways to learn coding, with broad curriculum relevance to maximize learning outcomes

KUBO is suitable for students aged 4 to 10+.

The **KUBO** solution caters to all abilities and primary school age groups, regardless of their starting point.

With this coding solution, your students will be introduced to the basic coding concepts:
Routes, Functions, Loops, and Subroutines.

As a teacher, will succeed in accomplishing fun, relevant and engaging learning by providing the best teaching tools.
